Maintaining Lean Body

L-Carnitine helps keep a healthy metabolism

Supporting Energy Balance

Vitamin B12 and Iron keeps healthy blood oxygen levels

OSCAR

much more than pet food®

Senior Pinnacle Plus Turkey & Rice

A complete food suitable for adult dogs.

It is important you feed the same amount of food each day to your pet. Weigh out the correct amount of food on digital scales.

When feeding for the first time introduce gradually over 4-7 days.

- We recommend dividing their total daily amount of food into a minimum of two meals per day.
- Do not be tempted to overfeed. Daily amounts may need to be adjusted to meet the needs of your pet according to their activity, life stage and current weight.
- Beware that additional supplements, treats and chews can contain food allergens, unbalance the diet or lead to obesity.
- Please ensure that fresh drinking water is available at all times.

Weight	Daily Feed
Less than 5kg	31-103g
5kg - 10kg	103-173g
10kg - 15kg	173-235g
15kg - 20kg	235-291g
20kg - 25kg	291-344g
25kg - 35kg	344-443g
35kg - 45kg	443-535g
45kg - 55kg	535-621g
55kg - 70kg+	612-745g

These are guidelines only and intended for dogs with a moderate level of daily exercise. For a personalised feeding guide, please visit our website.
